

DRIVING RESULTS

Through Innovation, Service and Growth

FARM BUREAU MUTUAL HOLDING COMPANY

ANNUAL REPORT / 2015

Products and Services: A Cut above the Rest

People sometimes think insurance is a commodity, but Farm Bureau client/members know that's not true. The coverage we provide goes well beyond homes, cars and barns – we protect livelihoods and futures. And in 2015, we took that commitment to new heights with innovative new technology, enhanced service to client/members and growing financial strength and stability.

The launch of our usage-based insurance (UBI) program signaled the beginning of a new era for our companies. Known as “Driveology: The Science of Safe Driving®,” the program tracks participants’ driving habits and, after a period of time, offers the opportunity to earn discounts for smart, safe driving. Currently available in two states, Driveology will be rolled out company-wide later in 2016.

UBI programs first launched in the industry about a decade ago, but the telematics technology used to capture driving data has only recently become more reliable and cost-effective. Farm Bureau Property & Casualty Insurance Company is proud to be one of just a handful of midsized insurers offering this unique savings opportunity to client/members.

Financial Strength: Raising the Bar

With a focus on service and operational excellence, our companies achieved new financial milestones in 2015. Policyholder surplus increased by \$140 million and the total now exceeds \$1 billion. Driven largely by underwriting gains, surplus is viewed by industry ratings agencies as an indicator of financial strength and stability. We view surplus as further confirmation that we are fully prepared to deliver on our promise to be there for our client/members when the unexpected happens.

It was a year of financial milestones:

- Surplus-to-premium ratio improved to 1.29, the lowest in more than 20 years.
- Fire & Casualty direct written premium reached a record \$1.29 billion, a 5.2 percent increase from 2014.
- We exceeded one million auto units in force for the first time.
- We delivered the lowest combined ratio in more than 20 years – 88.6%.
- We increased property-casualty membership accounts to 361,202.

Outstanding in the Industry

Our continued innovation and growth continues to set us apart from other regional and national carriers:

- 2015 marked the fourth consecutive year our companies ended the year with a Fire & Casualty underwriting gain, outpacing the industry.
- Fire & Casualty direct written premium was up 5.2 percent in 2015, more than twice the property-casualty industry growth.
- We're the #1 farm insurer in our 8-state footprint... and growing.
- A.M. Best, a leading provider of insurer ratings, affirmed our “A” (Excellent) rating in 2015¹. We are among an elite group of insurers recognized by A.M. Best Review for consistently maintaining an A.M. Best Financial Strength Rating of A or higher for more than 50 years.

¹An “A” (Excellent) rating is the third highest of A.M. Best's 16 individual ratings.

A Focus on Agriculture

We've been focused on serving the unique needs of farmers and ranchers for more than 75 years. Today, we're the #1 farm and ranch insurer in our 8-state footprint, and the #2 insurer nationwide. We continue to optimize our products and services to meet the specific needs of this market. In a phrase, we deliver Smarter Insurance for Agriculture™, and you'll see it in everything we do.

Where Membership Means More

Insurance, and a trusted relationship with a Farm Bureau agent to go with it, is one of many valuable benefits of Farm Bureau membership. But members of the Farm Bureau family know that there's more to it than just insurance – there's a sense of community and a commitment to service and advocacy that binds us together. We're proud of the relationships we've built with our valued client/members; it underscores our belief that with Farm Bureau, belonging truly does make a difference.

Service is our Standard

We aren't always the cheapest insurance alternative, and we don't bind coverage in less than 10 minutes online. Instead, we go the extra mile, ensuring our client/members have the right coverage at the right time with a SuperCheck®. And when things go wrong, we're there to make them right. In 2015, more than \$700 million was expended to cover the claims of client/members. Our agents are the face and heart of Farm Bureau in their communities. They're helping protect their friends and neighbors, and we wouldn't have it any other way.
